Subject: **UPDATE - ELECTRICAL OUTAGE- DOWNTOWN CENTRAL HEATING
PLANT**

This is an update on the status of the downtown Central Heating Plant, which experienced an electrical problem that I reported to your Board yesterday.

We have identified the piece of equipment that failed and have scheduled the repair/replacement for 7:00 p.m. tonight. We expect the repairs to take approximately one hour and to have the plant fully operational tonight.

The outage has not impacted the services the plant provides to the Civic Center. There will be no interruption of services provided during the repair process. I will keep you informed if any further issues develop.
